Getting the most out of your dog's walk

Your dog's walk is an important part of the day. It allows your dog to get out of the house and explore; it stimulates the senses and provides much needed activity. Even if you keep your pet in a large backyard, there is no substitute for the enjoyment and adventure of a walk. At The Pet Nanny, we provide a variety of walking choices to appeal to all personalities and dispositions:

Neighborhood Wags: Does your dog love his/her walk but prefers familiar routes? Is he or she uncomfortable around other dogs? Then your furry friend may do well with the usual neighborhood walk. The Pet Nanny will work closely with you to make sure we take the same route your pet is used to, so that his/her walk is enjoyable and relaxing while providing healthy exercise.

Buddy Walks: Does your dog crave socialization? Our Buddy Walk is a great way for your dog to meet new friends, get exercise, and play. We love to socialize dogs with each other, but understand the importance of maintaining control at all times. That's why we limit our group walks to 2-4 dogs.

Whatever the walk, our goal is to bring your dog back happy, healthy, and tired. Don't be surprised if the first thing your dog does after returning is take a long nap!

The Pet Nanny -- We'll love your pet like our own family
Serving Concord, Walnut Creek, Pleasant Hill, Clayton, Rossmoor, San Ramon, Danville and East Contra Costa County.
